288/
4/ Letter
10/29/02
D. Beel

Sir, during one year I do not have any news for this important application. However Not like any other from hundred thousands of USPTO Applicants, I make the Draconian precautions to have the proofs of not receiving any news:

1. At filing for national entrance, I payed in excess. And I asked in Covering Letter (and in form PTO-1390), that this sum (\$30) "are sent as payment for future registered proven letters of USPTO to me". I still did not receive any registered letter neither since September 2001. *Please, by state post*
2. With help of signed Fax letters (1-703-305-32-30) with also valable copy of text by e-mail (Michael.Neas@USPTO.GOV- Special Program Examiner of this Application), I communicated as proofs each 2 months that I did not receive any news (to see copies of Fax quittances and e-mails of: 11/09/01, 03/15/02, 05/07/02 (with e-mail text), 07/08/02 (with e-mail), 09/09/02 (Signed e-mail))

What could I do more? I think hundred thousands of other applicants, that do not do such precatons, do not have such problems. I wait at last the answer. If you sent already this answer, please, send by payed registered letter with communication of fact by my BOTH e-mails: zagyansk@cyberport.tm.fr, AND yulizag@voila.fr. I have all proofs that I did not receive any news from USPTO. Sent this time by Fax and registered letter (with copies and proofs of all previous letters) (and with e-mail copy of text).

Paris, 09 November 2001

Sir, since 1 month (my Fax of 4 pages for the same number of 08 Oct.01), I did not receive your answer for (A NUMBER!) of too simple corrections of your too improbable errors on 2 USPTO JUDICIAL Forms. Please, if you have sent the corrected Filing Receipt, to re-send by Registered letter (there is the excess in my initial payment for such registered post) and to confirm by my both E-Mails (Application was published by PCT procedure). Sincerely
Dr.Y.Zagyansky

Yury Zagyansky
Yury Zagyansky with the letter of 30 Sept 02

(PCT/IB00/00843), filing date 06/22/00
Confirmation N°4671, Fax of 4 pages: all signed.
Paris, 08th October 2001

Sir, I must ask your personal supervision for exceptional outrage upon National seal legality in OIPE.

§1. This is PCT procedure Application. And at US National stage, the essential part of Initial examination was already done (and clearly without any correction) by USPTO National stage Processing Division of the Office of PCT Operations (to see at p.3: net judicial authentic Form PCT/DO/EO/903) [MPEP §1893.03(a)]. Moreover, it was exemplary Application (60 pages) without any correction by ISA = EPO and by HeadS of International Receiving Office and IB Examining Section, personally. But the employee of your OIPE makes the real avalanche of improbable errors with Filing Receipt (also judicial authentic), having the seal with state decorations. Even in this case! But moreover, he, even, does not correct (during 3.5 months!) this avalanche of his very simple (it is 10 minutes!) errors without any explanation, unlegally depriving me of correct judicial obligatory Form, like for accumulation of errors for future. The disrespect of the legacy of state seal by simple employee is stunning.

§2. Unfortunately, this stunning disrespect, even of National seal, by simple employee correlates with intentional proven grabbing (for time) of the proofs of receiving of my letters by, justly, USPTO. You can see below these documents, that could have more general scale (to see below).

§3. I am sending you the above Documents and my letter (also of 08th Oct. 01, 3 pages) to this employee (with its Forms PCT/DO/EO/903 and Filing Receipt). I ask you to supervise the work of this unnormal case of disrespect of State seal legality. Thank you in forward.

Sincerely Dr.Y.Zagyansky

SUPPLEMENT: 100%-Proofs!! (of receiving by, justly, USPTO of my letters) were grabbed intentionally for time.

Below, you can see the copies of documents (two receipts and letter). The two proofs of receiving of my 2 letters by USPTO (definitive claims) were justly specially grabbed for time! Unfortunately, there is the interference with strange avalanches of improbable errors in USPTO.
